

ORWAK

FLEX 5031

FLEX

THE ORWAK FLEX 5031 offers simple and versatile compaction. Bag or bale the waste in the same unit! It is a classic concept now presented with a new fresh design!

Versatile

BALE WEIGHT
CARDBOARD

Orwak benefits

MORE PRODUCTIVE USE OF TIME

Less time spent on waste handling, more time for your core activities!

MORE SPACE & ORDER

Our balers rapidly minimizes the space the waste takes up, keeping aisles free and tidy.

LESS COSTS, MORE VALUE

More compaction = less waste volume to transport. Fewer transports required results in lower transportation costs and reduced CO₂ emissions. Sorting at source yields a higher quality of waste material for recycling.

Why Orwak Flex?

- + Versatile compaction for many different application areas
- + Hygienic and safe compaction and disposal of mixed or hazardous waste
- + Special solutions for special needs

ORWAK FLEX 5031

Versatile option

ORWAK FLEX 5031 IS OPTIMIZED FOR:

PAPER

- + Cardboard
- + Shredded
- + Paper sacks

PLASTIC FOIL

- + Shrink film
- + Plastic bags

SEMI-DRY WASTE

- + Bagged general waste

VERSATILE - BAG OR BALE

The 5031 offers you full flexibility! Make a standard bale, compact waste in a bag and/or contain the bale in a plastic bag! The choice is yours! The same unit can do all those things for you!

ORWAK FLEX 5031 comes with a fresh design and a durable finish

Bales can also be contained in bags

Mounted on wheels for easy manoeuvring when cleaning

COMPACT DESIGN

Thanks to its compact design, the baler fits where you need it to be and is easy to install in any location.

HIGH COMPACTION RATIO ON THE SPOT

The 5031 is a compact machine with a small footprint, but even though it requires little space, it still offers a high compaction ratio of up to 10:1!

USER FRIENDLY

It is easy to fill in material in the open top-loading unit and it is safe and simple to manoeuvre. Removing the bag or bale is convenient thanks to a hoisting function.

HYGIENIC WASTE COMPACTION

A compacted and well-sealed bag prevents leakage and odours. The unit is portable and designed for regular cleaning.

OPTIONAL ACCESSORIES FOR FLEXIBILITY

Optional steel container for safe handling of, for example, tins and glass after compaction.

A simple-to-use option – the Orwak bale/bag lifter. Eliminates manual heavy lifting.

DIMENSIONS & SPECIFICATIONS

DIMENSIONS ORWAK FLEX 5031

A	B	C	D*	E
